

**CITY COLLEGE OF
CALAMBA**
Dalubhasaan ng Lungsod ng Calamba

Program: **Bachelor of Science in Information Technology**
Outcomes – Based Teaching and Learning Plan in
Graphic Design (CEEL 301)

VISION: A reputable and internationally engaged local university that produces future-ready global professional by 2035.	MISSION: Cultivating future-ready global professionals through inclusive education, research-oriented culture and collaborative partnership.
---	---

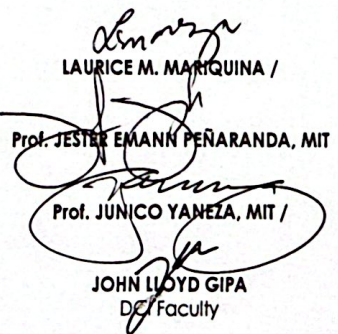

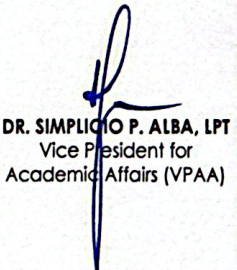

Course Title	Graphic Design	Course Code	CEEL301
Credit Units	3	Course Pre-/Co-requisites	NONE
Course Description (Based on CMO No.25, Series of 2015)	This course equips students with theoretical knowledge and practical skills in Graphic Design covering design principles, branding, print, digital media typography, photography, UI/UX, packaging, motion graphics and portfolio development. Students will work on real projects to prepare for professional practice.		
Program Intended Learning Outcomes (PILO)	At the end of this program, graduates will have the ability to: 1. Apply knowledge of computing, science, and mathematics appropriate to the discipline. 2. Understand best practices and standards and their applications. 3. Identify and analyze user needs and take them into account in the selection, creation, evaluation and administration of computer-based systems. 4. Design, implement, and evaluate computer-based systems, processes, components, or programs to meet desired needs and requirements under various constraints. 5. Apply knowledge through the use of current techniques, skills, tools and practices necessary for the IT profession. 6. Communicate effectively with the computing community and with society at large about complex computing activities through logical writing, presentations, and clear instructions. 7. Understand professional, ethical, legal, security and social issues and responsibilities in the utilization of information technology. 8. Recognize the need for and engage in planning self-learning & improving performance as a foundation for continuing professional development.		
Course Intended Learning Outcomes (CILO) (Based on CMO No. 52 Series of 2015)	At the end of this course, the students should be able to: 1. Apply design principles, effectively across various media formats. 2. Create brand identities and design assets align with client needs. 3. Demonstrate proficiency in design Software tools. 4. Produce creative outputs for print, web, and motion graphics. 5. Build a professional design portfolio showcasing diverse projects.		

PRELIMINARY		Essential Learning		Intended Learning Outcomes (ILO)	Suggested Teaching/Learning Activities	Assessment Tasks (ATs)
Week No.	Content Standards					
		Declarative Knowledge	Functional Knowledge			
1	Demonstrate familiarity in the Vision, Mission, goals and objectives of the institution and classroom policy.	Orientation • CCC Vision • CCC Mission • Goal and objectives of the Institution Classroom Policy	Explaining the Vision, Mission, goals and objectives of the institution ad classroom policies.	Correlate Vision, Mission, goals and objectives of the institution and classroom policies to the learning experience of the students.	Orientation	Reflection
2-3	Demonstrate understanding of the fundamentals of graphic design and its application to different outputs	Graphic Design Fundamentals • Introduction to Computer Graphics • Design Principles & Elements (Balance, Hierarchy, Color Theory) • Branding & Logo Design (brand elements, logo styles, style guides)	Discussing the fundamentals of Graphic Design and Demonstrate the ability to present outputs encompassing the elements of design.	Understand the concepts of design and apply to visual outputs.	Discussion/Lecture / Demonstration	Laboratory Activity and Exercises Quiz
4-5	Demonstrate understanding the concepts of scalability & versatility in logo design across multiple formats and media	Logo Design Techniques • Print Design Basics (Sketching, digitizing, scalability) • Print Design Layouts (CMYK vs RGB bleed and trim)	Discussing competence in producing vector-based graphics and scalable illustrations for diverse design applications.	Understand the effectiveness of a logo based on clarity, adaptability, and brand relevance.	Discussion/Lecture s Demonstration	Laboratory Activity and Exercises Quiz
6	Preliminary Examination					
MIDTERMS		Essential Learning		Intended Learning Outcomes (ILO)	Suggested Teaching/Learning Activities	Assessment Tasks (ATs)
Week No.	Content Standards					
		Declarative Knowledge	Functional Knowledge			
7-9	Demonstrate creative & technical skills in digital marketing design, typography, & photography by producing visually appealing and effective materials for online platforms.	Digital Marketing Graphics • Social Media Campaigns, banner and Ads • Typography Mastery: Font pairing, typographic layouts • Photography & Editing: Composition, lighting, photo editing	Applying typography, color theory, and layout principles to produce balanced and engaging visual compositions.	Understand font pairing, legibility techniques, and creative typography to enhance visual communication.	Discussion/Lecture s Demonstration	Laboratory Activity and Exercises Quiz

10-11	Demonstrates proficiency in applying UI/UX principles, web graphics, and packaging design techniques to create visually appealing, functional, and brand-consistent outputs.	UI/UX Web Graphics • Wireframing • Responsive layouts in Figma/Adobe XD • Packaging Design(Die lines, mockups, product branding)	Discussing visually appealing and functional digital interfaces and packaging designs that align with branding and user needs.	Design responsive digital interfaces using Figma, create wireframes, and produce professional packaging concepts with accurate die lines, mockups, and cohesive branding.	Discussion/Lecture s Demonstration	Laboratory Activity and Exercises Quiz
12	Midterm Examination					
FINALS		Essential Learning		Intended Learning Outcomes (ILO)	Suggested Teaching/Learning Activities	Assessment Tasks (ATs)
Week No.	Content Standards	Declarative Knowledge	Functional Knowledge			
13-14	Demonstrate creativity, adaptability, and professionalism in producing motion graphics, infographics, and problem-solving design outputs that effectively communicate ideas.	Motion Graphics Intro: • Logo animation, basic transitions • Infographics: Data Visualization, icon Design • Creative problem Solving (Simulated client projects)	Apply animation principles, data visualization techniques, and adaptive design strategies to produce clear, engaging, and professional visual content.	Understand, create animated and data-driven visual materials, simplify complex information, and respond effectively to challenging client scenarios.	Discussion/Lecture s Demonstration	Laboratory Activity and Exercises Quiz
15-17	Demonstrate professional-level design presentation and cohesive branding across multiple formats.	• Portfolio Building: Selecting works, Behance / Dribble setUp • Project Development: Full Design Package • Final Exhibit and Presentation • Reflection & Feedback Session	Portfolio curation, client project execution, and cross-platform brand application.	Curate and present their strongest works, and produce a complete, client-ready design package that showcases creativity, consistency, and technical skill	Discussion/Lecture s Demonstration	Laboratory Activity and Exercises Quiz
18	Final Examination					

Basic Readings	✓ 3G Handy Guide: Graphic Designing (Mrantinkovic, Piestun, Fouda, Killings, Hajj, Parveen, Kronic, Pehcevski, Nur, Stephen, Michelle), 2020  LIRC DEPARTMENT CITY COLLEGE OF CALAMBA
Extended Readings	Web References: • https://www.coursera.org/learn/building-digital-media-graphic-design-powerpoint/ungradedLab/6IYcr/building-digital-media-using-graphic-design-in-powerpoint • https://e-tesda.gov.ph/course/index.php?categoryid=1524 • https://e-tesda.gov.ph/course/index.php?categoryid=1789
Course Assessment	(as identified in the Assessment Task)

Course Policies	Language of Instruction: English Attendance - As identified in the student handbook Grading System Lecture (60%) - Attendance 10% - Group activity/Homework/Seatwork/Recitation 20% - Quiz 30% - Written Exam 40% Laboratory (40%) - Attendance 10% - Laboratory Activities 50% - Laboratory Exam/Project 40% Classroom Rules and Regulations As identified in the student handbook
Committee Members	Committee Leader : Members : Faculty Members
Consultation Schedule	Faculty Member : Prof. Laurice M. Mariquina Contact Number : 09362610504 E-mail address : lmmariquina@ccc.edu.ph Consultation Hours :Thurs, 11AM to 5PM Time and Venue : Faculty Room

Course Title	A.Y. Term of Effectivity	Prepared by	Reviewed by		Checked by	Approved by	Page/s
GRAPHIC DESIGN (CEEL 301)	2025-2026 First Semester	 LAURICE M. MARIQUINA / Prof. JESTER EMANN PEÑARANDA, MIT Prof. JUNICO YANEZA, MIT / JOHN LLOYD GIPA DCI Faculty	 LAURICE M. MARIQUINA Subject Expert	 Prof. JESTER EMANN PEÑARANDA, MIT Program Head, BSIT	 PROF. ARLOU H. FERNANDO, MM-ITM DCI Dean/Director	 DR. SIMPLICIO P. ALBA, LPT Vice President for Academic Affairs (VPAA)	4
